Merit Program semi-finalists were the highest scorers in each state on the 1973 Preliminary Scholastic Aptitude and National Merit Scholarship Qualifying tests administered to over one million students in about 17,000 schools nationwide. The 15,000 semi-finalists, most of whom will enter college in 1975, will be identified to regionally accredited U.S. colleges and universities. Many semi-finalists will find this recognition useful in gaining admission to the college of their choice and obtaining financial aid.

Semi-finalists must qualify as finalists to advance in the competition for merit scholarships. To become merit program finalists, the semi-finalists must be endorsed by their schools and recommended for scholarship consideration, confirm their high PSAT-NMSQT
